(4) Upon completion of the actions described in this subsection, the process of dissolution and liquidation of the bank shall be deemed complete, and the Commissioner shall issue a certification of completed liquidation to the Secretary of State.

banking, by discounting and negotiating promissory notes, drafts, bills of exchange, and other evidences of indebtedness, by receiving deposits, by buying and selling exchange, coin, and bullion, and by loaning money on personal security or real and personal property. Such corporation at the time of making loans may not take and receive interest or discounts in advance where the effective rates of interest or discounts collected shall exceed the maximum rates of interest provided under this section, G.S. 24-1.1 and 24-1.2 if such interest or discount had not been collected in advance.

(2) To adopt regulations for the government of the corporation not inconsistent with the Constitution and laws of this State.

(3) To purchase, hold, and convey real estate for the following purposes:

a. Such as shall be necessary for the convenient transaction of its business, including furniture and fixtures, with its banking offices and other spaces to rent as a source of income, which investment shall not exceed fifty percent (50%) of its unimpaired capital fund: Provided, that this fifty percent (50%) limitation shall not apply to banking houses, furniture and fixtures leased for the purposes set forth in this subdivision. Provided, further, that if any bank shall demonstrate to the satisfaction of the Commissioner of Banks that an investment of more than fifty percent (50%) of its unimpaired capital fund in its banking houses, furniture and fixtures, would promote the convenience of the general public in transacting its banking business and would not adversely affect the financial stability of the bank, the Commissioner of Banks may, in his discretion, authorize any bank to invest more than fifty percent (50%) of its unimpaired capital fund in its banking houses, furniture and fixtures.

b. Such as is mortgaged to it in good faith by way of security for loans made or moneys due to such banks.

c. Such as has been purchased at sales upon foreclosures of mortgages and deeds of trust held or owned by it, or on judgments or decrees obtained and rendered for debts due to it, or in settlements affecting security of such debts. All real property referred to in this subdivision shall be sold by such bank within five years after it is acquired unless, upon application by the board of directors, the Commissioner of Banks extends the time within which such sale shall be made.

(1) Carry on the business of banking, which includes such activities as discounting and negotiating promissory notes, drafts, bills of exchange, and other evidences of indebtedness; receiving deposits; issuing, advising, and confirming letters of credit; receiving money for transmission; and loaning money on personal security or on real or personal property.

(2) Make any loan that could be made by a federally chartered institution doing business in this State.

(3) Purchase or invest in loans, or a participating interest in loans, of a type that the bank could itself make.

(4) Sell any loan, including one or more participating interests in a loan.

(5) Make any investments authorized by G.S. 53C-5-2 or any other section of this Chapter.

(6) Through information technology systems, processes, and capabilities, provide, deliver, or otherwise make available banking services and products, enhance the effectiveness or efficiency of its operations, and provide other benefits to its customers. Additionally, a bank may utilize its information technology systems, processes, capabilities, and capacities in the same manner and to the same extent as is permitted for national banks.

(7) Engage in any other activities approved by rule, order, or interpretation of the Commissioner.

(b) A bank shall also have the power to engage in any of the following activities:

(1) As principal in any activity permissible for a national bank under any law, including the National Bank Act, 12 U.S.C. § 24, as well as any activity recognized as permissible for a national bank in any regulation, order, or written interpretation issued by the OCC.

(2) As principal in any activity that is permissible or determined by the FDIC to be permissible for a bank under the Federal Deposit Insurance Act, 12 U.S.C. § 1831a, or in any regulation, order, or written interpretation thereunder.

NCCOB's chart suggests that G.S. 53-43's successor provision is G.S. 53C-5-1. NCCOB's draft, however, suggests a different treatment.

The introductory paragraph of G.S. 53-141 refers to "powers conferred by . . . subdivision (3) of G.S. 53-43". NCCOB's draft suggests **G.S. 53C-5-2(i)**. Staff agrees.

G.S. 53-141(1) gives industrial banks the power to "take and receive interest or discounts subject to G.S. 53-43(1)." NCCOB's draft suggests deleting the reference. Staff agrees, because G.S. 53C-5-1(a)(1), which is the successor provision of G.S. 53-43(1), does not include any limitations.

Analysis

Any and all powers and privileges heretofore granted and given to any person, firm, or corporation doing a banking business in connection with a fiduciary and insurance business, or the right to deal to any extent in real estate, inconsistent with this Chapter, are hereby repealed.

(4) Nothing contained in this section shall be deemed to authorize banking corporations to engage in the business of dealing in investment securities: Provided, however, that the term "dealing in investment securities" as used herein, shall not be deemed to include the purchasing and selling of securities without recourse, solely upon order, and for the account of, customers; and provided further, that "investment securities," as used herein, shall not be deemed to include obligations of the United States, or general obligations of any state or of any political subdivision thereof, or of cities, towns, or other corporate municipalities of any state or obligations issued under authority of the Federal Farm Loan Act, as amended, or issued by the federal home loan banks or the Home Owner's Loan Corporation.

Any provision in conflict with this subdivision contained in the articles of incorporation heretofore issued to any banking corporation is hereby revoked.

(5) Repealed by Session Laws 1989, c. 187, s. 5.

(6) To maintain separate departments and deposit in its commercial department to the credit of its trust department all uninvested fiduciary funds of cash and secure, under rules and regulations of the State Banking Commission, all such deposits in the name of the trust department whether in consolidated deposits or for separate fiduciary accounts, by segregating and delivering to the trust department such securities as are required by G.S. 53-163.1 for such deposits. Such securities shall be held by the trust department as security for the full payment or repayment of all such deposits, and shall be kept separate and apart from other assets of the trust department. Until all of such deposits shall have been accounted for to the trust department or to the individual fiduciary accounts, no creditor of the bank shall have any claim or right to such security. When fiduciary funds are deposited by the trust department in the commercial department of the bank, the deposit thereof shall not be deemed to constitute a use of such funds in the general business of the bank and the bank in such instance shall not be liable for interest on such funds. To the extent and in the amount such deposits may be insured by the Federal

(3) As principal in any activity that is permissible for a savings institution organized under Chapters 54B or 54C of the General Statutes, or that is permissible for a federal savings association under the Home Owners' Loan Act of 1933, 12 U.S.C. § 1464, or in any regulation, order, or written interpretation thereunder.

(4) In any activity other than as principal.

(c) In addition to the other powers described in this section, a bank shall have the power to exercise all other powers that are reasonably necessary or incident to the exercise of the powers authorized in subsections (a) and (b) of this section.

(d) Except as provided in subsection (e) of this section, a bank that proposes to engage in any new activity shall apply to the Commissioner for approval to engage in the activity before its commencement. If the new activity will be conducted in a new or existing subsidiary in which the bank intends to make an investment, the bank shall apply to the Commissioner for approval to engage in the new activity before entering into the investment. The bank shall not engage in the new activity or make the investment unless and until the Commissioner issues a written approval of the application. An application for approval shall contain a description of the proposed activity and any other information required by the Commissioner. A copy of any notice or application the bank is required to file with any bank supervisory agency with respect to the proposed activity shall also be provided to the Commissioner. For the purpose of this section, a "new activity" is any business activity in which the bank is not currently engaged. The extension or relocation of an existing activity into a new department, division, or subsidiary of the bank shall not be considered a new activity. A bank may appeal a denial of an application by the Commissioner pursuant to G.S. 53C-2-6.

(e) No application for approval to engage in a new activity shall be required, provided all of the following conditions are met as of the date the activity is commenced:

(1) The new activity is one described in subsection (a), (b), or (c) of this section.

(2) The bank is well-capitalized and well-managed as demonstrated by the supervisory rating it received during its most recent safety and soundness examination.

(3) Federal farm loan bonds, notes, or similar obligations issued by a farm credit system institution.

(4) Securities issued by federal home loan banks pursuant to the Federal Home Loan Bank Act of 1932, as amended.

(5) Bonds or notes secured by a mortgage or deed of trust insured or guaranteed by the Federal Housing Administration, Secretary of Housing and Urban Development, or the Veterans Administration, or in mortgages or deeds of trust on real estate that have been accepted for insurance or guarantee by the Federal Housing Administration, Secretary of Housing and Urban Development, or Veterans Administration, or in obligations of a national mortgage association, which obligations are insured or guaranteed by the United States government. No law of this State prescribing the nature, amount, or form of security or requiring security upon which loans or investments may be made, or prescribing the rates or time of payment of the interest any obligation may bear, or prescribing the period for which loans or investments may be made, shall apply to investments made pursuant to this subsection.

(6) Mutual funds, but subject to rules or orders adopted by the Commissioner.

(b) A bank may make an investment in a subsidiary that will be operated as any of the following:

(1) Bank operating subsidiary.

(2) Financial subsidiary.

(3) DPC subsidiary, as defined by G.S. 53C-1-4(30).

(c) No investment shall be made by a bank or a subsidiary pursuant to subsection (b) or (d) of this section unless the following apply:

(1) The investment is approved by the board of directors of the bank or a board-authorized committee.

(2) The bank has carefully investigated the business or activity in which the subsidiary established by the investment will engage.

(3) The bank has established the risk management and financial controls necessary to engage in the business or activity in a safe and sound manner.

(4) The bank has, and following the making of the investment and the application of the provisions of this subsection, will continue to satisfy the capital requirements of this Chapter.

(d) A subsidiary may invest in a lower-tier subsidiary, subject to the same requirements and limitations applicable to a bank's investment in a subsidiary.

(e) Except as provided in subsection (f) of this section, a bank or subsidiary proposing to make an investment described in subsection (b) or (d) of this section shall give prior written notice to the Commissioner, providing such detail as the Commissioner may require. Unless the Commissioner, within 30 days following receipt of the notice, notifies the bank or subsidiary that the Commissioner objects to the proposed investment, the bank or subsidiary may complete the investment. However, the Commissioner may extend the period within which to object to the proposed investment if the Commissioner determines that it raises issues that require additional information or additional time for analysis. While the objection period is so extended, the bank or subsidiary may not proceed with respect to the proposed investment. A bank may appeal an objection by the Commissioner pursuant to G.S. 53C-2-6.

(f) The prior notice requirement provided by subsection (e) of this section shall not apply if all of the following apply:

(1) The bank is well-capitalized and well-managed as demonstrated by the supervisory rating it received during its most recent examination.

(2) Each activity of the subsidiary in which the investment is to be made is either of the following:

supervisory agencies and of the Commissioner have previously been obtained and remain in effect.

(3) A bank that makes an investment pursuant to the exception created by this subsection shall nevertheless notify the Commissioner in writing of the investment within 30 days thereafter.

(g) Any bank, out-of-state bank, national bank, or any subsidiary thereof that engages in an activity subject to licensure and/or regulation under the laws of this State, other than this Chapter, shall be subject to licensure and/or regulation on a basis that does not arbitrarily discriminate by the appropriate regulatory agency which licenses and/or regulates nonbanks that engage in the same activity.

(h) The Commissioner shall monitor the impact of investment activities of banks and their subsidiaries under this section on the safety and soundness of such banks. Any securities owned or hereafter acquired in excess of the limitations herein imposed shall be disposed of at public or private sale within six months after the date of acquiring the securities and, if not so disposed of, they shall be charged to profit and loss account and no longer carried on the books as an asset. The limit of time in which securities shall be disposed of or charged off the books of the bank may be extended by the Commissioner if in the Commissioner's judgment it is for the best interest of the bank that the extension be granted, provided that the limitations imposed in this section on the ownership of shares or other equity ownership interest in companies are suspended only to the extent that any bank operating under the supervision of the Commissioner may subscribe for and purchase shares and other equity ownership interests in, or debentures, bonds, or other types of securities of, any company organized under the laws of the United States for the purposes of insuring the depositors a part or all of their funds on deposit in banks to the extent as security ownership is required in order to obtain the benefits of deposit insurance for such depositors.

Analysis

**§ 53-44.2. Investments in obligations of agencies supervised by Federal Home Loan Bank Board.**

*Notwithstanding any restrictions or limitations on investments contained in any law of this State, federal home loan banks securities issued by federal home loan banks pursuant to the Federal Home Loan Bank Act of 1932 as amended shall be without limitation, authorized investments of funds of banks, savings banks, trust companies, insurance companies, building and loan associations, savings and loan associations, credit unions, fraternal organizations, pension and retirement funds, and of fiduciary funds of executors, administrators, guardians and trustees, unless such trust and fiduciary funds are required to be otherwise invested by will, deed, order or decree of court, gift, grant or other instrument creating or fixing the trust. This section shall be cumulative to all other laws relating to investments of such funds.*

**§ 53-46.1. Investments in mutual funds.**

*Subject to rules adopted by the Banking Commission, a bank may invest a portion of its unimpaired capital in mutual funds. Any limitation imposed by rule on the amount of such investment shall be in addition to a bank's limitations on investment in stocks provided in G.S. 53-47.*

**§ 53-60. Authorized investment in farm loan bonds.**

*Any bank or insurance company organized under the laws of this State, and any person acting as executor, administrator, guardian, or trustee, may invest in federal farm loan bonds issued by any federal farm loan bank or joint-stock land bank organized pursuant to an act entitled "An act of Congress to provide capital for agricultural development, to create standard forms of investment based upon farm mortgages to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create government depositories, and financial agents for the United States, and for other purposes," approved the seventeenth day of July, 1916, or any notes, bonds, debentures, or similar type obligations, consolidated or otherwise, issued by any farm credit institution pursuant to authorities contained in the Farm Credit Act of 1971 (Public Law 92-181), as amended.]*

(c) No investment shall be made by a bank or a subsidiary pursuant to subsection (b) or (d) of this section unless the following apply:

- (1) The investment is approved by the board of directors of the bank or a board-authorized committee.
- (2) The bank has carefully investigated the business or activity in which the subsidiary established by the investment will engage.
- (3) The bank has established the risk management and financial controls necessary to engage in the business or activity in a safe and sound manner.
- (4) The bank has, and following the making of the investment and the application of the provisions of this subsection, will continue to satisfy the capital requirements of this Chapter.

(d) A subsidiary may invest in a lower-tier subsidiary, subject to the same requirements and limitations applicable to a bank's investment in a subsidiary.

(e) Except as provided in subsection (f) of this section, a bank or subsidiary proposing to make an investment described in subsection (b) or (d) of this section shall give prior written notice to the Commissioner, providing such detail as the Commissioner may require. Unless the Commissioner, within 30 days following receipt of the notice, notifies the bank or subsidiary that the Commissioner objects to the proposed investment, the bank or subsidiary may complete the investment. However, the Commissioner may extend the period within which to object to the proposed investment if the Commissioner determines that it raises issues that require additional information or additional time for analysis. While the objection period is so extended, the bank or subsidiary may not proceed with respect to the proposed investment. A bank may appeal an objection by the Commissioner pursuant to G.S. 53C-2-6.

(f) The prior notice requirement provided by subsection (e) of this section shall not apply if all of the following apply:

- (1) The bank is well-capitalized and well-managed as demonstrated by the supervisory rating it received during its most recent examination.

(2) Each activity of the subsidiary in which the investment is to be made is either of the following:

a. One in which the bank is then engaged or has previously been engaged, directly or through a different subsidiary, and for which all necessary approvals of bank supervisory agencies and of the Commissioner have previously been obtained and remain in effect.

b. One for which no prior notice or application for approval to any federal bank supervisory authority is required.

(3) A bank that makes an investment pursuant to the exception created by this subsection shall nevertheless notify the Commissioner in writing of the investment within 30 days thereafter.

(g) Any bank, out-of-state bank, national bank, or any subsidiary thereof that engages in an activity subject to licensure and/or regulation under the laws of this State, other than this Chapter, shall be subject to licensure and/or regulation on a basis that does not arbitrarily discriminate by the appropriate regulatory agency which licenses and/or regulates nonbanks that engage in the same activity.

(h) The Commissioner shall monitor the impact of investment activities of banks and their subsidiaries under this section on the safety and soundness of such banks. Any securities owned or hereafter acquired in excess of the limitations herein imposed shall be disposed of at public or private sale within six months after the date of acquiring the securities and, if not so disposed of, they shall be charged to profit and loss account and no longer carried on the books as an asset. The limit of time in which securities shall be disposed of or charged off the books of the bank may be extended by the Commissioner if in the Commissioner's judgment it is for the best interest of the bank that the extension be granted, provided that the limitations imposed in this section on the ownership of shares or other equity ownership interest in companies are suspended only to the extent that any bank operating under the supervision of the Commissioner may subscribe for and purchase shares and other equity ownership interests in, or debentures, bonds, or other types of securities of, any company organized under the laws of the United States for the purposes of insuring the depositors a part or all of their funds on deposit in banks to the extent as security ownership is required in order to obtain the benefits of deposit insurance for such depositors.

(c) (1) A branch or limited service facility of a bank shall be operated as a branch or office of and under the name of the bank, and under the control and direction of the board of directors and executive officers of the bank. The board of directors of the bank shall elect such officers as may be required to properly conduct the business of any branch or limited service facility.

(2) The Commissioner of Banks shall not authorize the establishment of a branch until he is satisfied that the applicant bank has sufficient capital to maintain a minimum capital to asset ratio as the Commissioner of Banks, in his discretion, may require. In determining such ratio the Commissioner of Banks shall give due consideration to (i) the amount of capital required to support the bank's projected growth, (ii) the bank's earnings history and projected earnings, (iii) the quality of the bank's assets, (iv) compliance with the fixed asset limitation contained in G.S. 53-43(3), and (v) the business experience and reputation of bank management.

(c) A bank may not purchase any portion of its shares of stock, nor the stock of its parent holding company, unless the same is purchased or pledged to the bank to prevent a loss upon a debt previously contracted in good faith. § 53C-6-1. Loans and extensions of credit.

(a) A bank may make a loan or extension of credit secured by the pledge of its own shares or the shares of its holding company, provided:

(1) When a bank exercises its security interest in shares of the bank or its holding company, it shall dispose of all of the shares within a period of six months. If the shares have not been disposed of within six months, the shares shall be charged to profit and loss and no longer carried as an asset of the bank. The Commissioner may extend the six-month period not to exceed an additional six months.

(2) A bank may not extend credit to finance the purchase of or to carry shares of the bank or the shares of its holding company. For purposes of this subsection, the phrase "to carry" has the meaning set forth in 12 C.F.R. Part 221, as promulgated by the Federal Reserve Board.

(b) Loans and Extensions of Credit – Limitations:

(1) The total loans and extensions of credit, both direct and indirect, by a bank to a person, other than a municipal corporation for money borrowed, including in the liabilities of a company the liabilities of the several members of the company, outstanding at one time and not fully secured, as determined in a manner consistent with subdivision (2) of this subsection, by collateral having a market value at least equal to the amount of the loan or extension of credit, shall not exceed the greater of (i) fifteen percent (15%) of the sum of the bank's capital plus those portions of the bank's allowance for loan and lease losses, deferred tax assets, and intangible assets that are excluded from the bank's capital under 12 C.F.R. Part 325 or (ii) the amount permitted for national banks in this State by statute or regulation of the Comptroller of the Currency.

(2) The total loans and extensions of credit, both direct and indirect, by a bank to a person outstanding at one time and fully secured by readily marketable collateral having a market value, as determined by reliable and continuously available price quotations, at least equal to the amount of the loan or extension of credit outstanding, shall not exceed the greater of (i) ten percent (10%) of the sum of the bank's capital plus those portions of the bank's allowance for loan and lease losses, deferred tax

assets, and intangible assets that are excluded from the bank's capital under 12 C.F.R. Part 325 or (ii) the amount permitted for national banks by statute or regulation of the Comptroller of the Currency. This limitation shall be separate from and in addition to the limitation contained in subdivision (1) of this subsection.

(3) The following shall not be considered as extensions of credit within the meaning of this section; provided that the limitations of this subsection shall not apply to loans or obligations to the extent that they are secured or covered by guarantees or by commitments or agreements to take over or purchase the same made by any federal reserve bank or by the United States or any department, board, bureau, commission, or establishment of the United States, including any corporation wholly owned, directly or indirectly, by the United States:

- a. The discount of bills of exchange drawn in good faith against actual existing values.
- b. The discount of solvent trade acceptances or other solvent commercial or business paper actually owned by the person negotiating the same.
- c. Loans or extensions of credit secured by a segregated deposit account in the lending bank.
- d. The purchase of bankers' acceptances of the kind described in section 13 of the Federal Reserve Act and issued by other depository institutions.
- e. The purchase of any notes and the making of any loans secured by not less than a like face amount of bonds of the United States or any agency of the United States; or other obligations guaranteed by the United States government or the State of North Carolina; or certificates of indebtedness of the United States, or agency thereof; or other obligations guaranteed by the United States government.

(4) For purposes of this subsection, the following definitions and conditions apply:

- a. "Person" includes an individual or a corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, or any other form of entity not specifically listed; provided, the term "person" shall not include (i) a clearing organization registered with the Commodity Futures

Trading Commission (or its successor) or the Securities and Exchange Commission (or its successor) or any federal banking agency or (ii) a bank's affiliates.

b. Loans or extensions of credit to one person include loans made to other persons when the proceeds of the loans or extensions of credit are to be used for the direct benefit of the first person or the persons are engaged in a common enterprise.

c. For purposes of this section, extensions of credit by a bank to a person shall include the bank's credit exposures to the person in derivative transactions with the bank.

d. "Derivative transaction" includes any transaction that is a contract, agreement, swap, warrant, note, or option that is based, in whole or in part, on the value of, any interest in, or any quantitative measure or the occurrence of any event relating to one or more commodities, securities, debt instruments, currencies, interest or other rates, indices, or assets.

e. Credit exposure to a person in connection with a derivative transaction shall be determined based on an amount that the bank reasonably determines, in accordance with customary industry practices under the terms of the derivative transaction or otherwise, would be its loss if the person were to default on the date of determination, taking into account any netting and collateral arrangements and any guarantees or other credit enhancements, provided that the bank may elect to determine credit exposure on the basis of such other method of determining credit exposure as may be permitted by the bank's primary federal regulator.

(c) The Commissioner shall monitor the lending activities of banks under this section for undue credit concentrations and inadequate risk diversification that could adversely affect the safety and soundness of the banks.

(d) Rules adopted by the Commissioner to ensure that extensions of credit made by banks are in keeping with sound lending practices and to promote the purposes of this Chapter shall not prohibit a bank from making any extension of credit that is a permitted extension of credit for a federally chartered institution.

(b) *Whenever the Commissioner of Banks is of the opinion that an emergency exists, or is impending, in this State or in any part or parts of this State, he may authorize banks located in the affected area or areas to close any or all of their offices. In addition, if the Commissioner is of the opinion that an emergency exists, or is impending, which affects, or may affect, a particular bank or banks, or a particular office or offices thereof, but not banks located in the area generally, he may authorize the particular bank or banks, or office or offices so affected, to close. In addition, the Commissioner of Banks may in the interest of national defense authorize any bank, or any of its offices, to open or close, for the transaction of business. The office or offices so closed shall remain closed until the Commissioner declares that the emergency has ended, or until such earlier time as the officers of the bank determine that one or more offices, previously closed because of the emergency, should reopen, and, in either event, for such further time thereafter as may reasonably be required to reopen.*
